ANOTHER ASTONISHING CURE! Wistar's Balsam of Wild Cherry. ALWAYS TRIUMPHANT! RE FOLLOWS CURE!! In its Bhward Victorious Career! A B B B B B B DAYTON, Feb. 11th, 2 2

Ma. J. W. WHITMORE: MR. J. W. WHITMORE:

Dear Sir:—As you are the regular authorized agent in Dayton, for the sale of "Dr. Wistan's Balance Will Chemry." I take this method of making a statement of facts to you (which I hope may be published to the world) in reference to an almost minaculate cure, wrought in my case by means of the above invaluance Balance.

Language fails to describe the salutary effects it produced, and the great tenefit I derived from its use.

The clitzens of Dayton and vicinity, well recollect that on the 8th of Angust hat I received agencies injury from the explosion of a case.

did all in their power for my recovery. But with all their skill, they could not mach the seat of distress, after the Lungs had become affected.

I was visit d during this time by at least tocomy Physicians.

It was now reduced to a certainty, that inflammation of the lungs was rapidly taking place; and that this would terminate my life in a very short time, was in the highest degree probable. At this critical stage, a messenger was despatched to Cincinnati, and a celebrated Physician of that place was consulted. When he was made acquainted with my situation, he remarked that nothing could be done by medical aid, if the constitution itself was not suffi-

cient to throw off the disease.

My friends now despaired of my recovery, and I had no earthly ground of hope to survive many days. Fortunately at this juncture I saw one of Dn. Wistan's Pamphlets, entitled "Family Medical Guide," or "Treatise on Consumption of the Lange." As I had often heard of dying men "catching aty raws," I lish like doing so myself. By the consent of my physicians, I sent to you for a bottle of the medicine described, viz: "Wistan's Balsam of Wild Cherry," which retieved me almost immediately. After i had used some five or six bottles, I so far recovered as to be up and about. My cough cebsed, and my lungs were restored to a healthy state—all from the healing and balmy influence, and powerful medicinal virtues of Wistan's Balsan. Were it not for the external injury I received in the shoulder and arm by the explosion, I feel confident that I might have been working at my trade (which is blacksmithing,) but this has prevented. By exposure, I have since taken several severe colds; and my only remedy has been "THE BALSAM." And I now most cordially recom-mend the geneine Wister's Balsam to all who are afflicted with Coups, CHRISTOPHER R. SMITH
